Job ID: **08-09-15**
Job Title: Software Content Manager
Degree Requirements: BS in Computer, Software, or Electrical Engineering
Years of Experience: 3
Location: Charleston, SC
Salary Range: $60K - $70K
Travel Required: 25%

IMMEDIATE NEED in the Charleston, SC area for a Software Content Manager who has a BS in Computer, Software, or Electrical Engineering and a minimum of three (3) years work experience in a Linux environment.

The MUST HAVE items for this position are:
- U. S. Citizenship
- Presently hold or be able to obtain and maintain a Department of Defense Secret
- Expertise with CMPro (Configuration Management Professional) or similar software
- Content Management experience and expertise
- Experience in System Administration and Server Maintenance

Please answer the following questions.
1. Are you a U. S. Citizen?
2. Do you presently have a Secret DoD clearance?
3. Tell us about your experience managing content in a Linux environment.
4. Tell us what communications systems or networks you have supported with CMPro applications.
5. Tell us about your experience and expertise with CMPro software. Please include the number of drawings you have managed using CMPro.
6. If requested, during the interview process, are you willing to provide our client with your Social Security Number to speed the clearance check procedure?

If you meet these requirements, please send your résumé to us using Word 97 - 2003 at Resumes@PinnaclePlacementGroup.com or call us at 770-422-2152 or 770-740-0494.

Please mention the **Job ID** and the **Job Title** when contacting us.
